

DIY Thanksgiving Candy Turkeys

Supplies:

For each turkey, you will need:

9 1/2" square of brown tulle

1/2 brown pipe cleaner

1" orange pipe cleaner

2 googly eyes

6" ribbon, glue gun or other glue (for eyes)

1/4 c. small candies (M&Ms, Reeses Pieces, Skittles, Candy Corn, etc.)

Directions:

Cut the Tulle into 9 1/2" squares

Cut brown pipe cleaner in half and roll it up for the turkey head

Cut approx. 1" orange pipe cleaner for beak, fold in half around outside edge of brown pipe cleaner.

Glue googly eyes on to brown pipe cleaner (optional). When we make 50 or more, we don't always worry about the eyes. (they're still cute without them)

Fill brown tulle with candy (about 1/4 c.), pull edges together, and tie together with ribbon to make turkey body

Push turkey head into the turkey body
